

SKYLER SETO

301F Malott Hall
Cornell University
Ithaca, NY 14853

(813) 340-2628
ss3349@cornell.edu

EDUCATION *Cornell University* August 2014 - Present
P.H.D. in Statistics with Special Masters in Computer Science (tentative)
Massachusetts Institute of Technology September 2010 - June 2014
B.S. in Mathematics with Computer Science

GRADUATE COURSEWORK Algorithms, Big Data Analysis, Linear Models, Machine Learning, Natural Language Processing, Non-parametric Statistics, Probability Theory, Quantum Computation, Risk Measures, Statistical Inference, Stochastic Processes

EXPERIENCE *MIT ALFA Group* May 2015 - Present
◦ Used HMMs for car destination prediction
◦ Parsed and organized Jaguar data (750 GB) for ML prediction problems
Cornell University Statistics Department August 2014 - Present
◦ Graduate Teaching Assistant for Intro Statistics courses: STSCI 2150, ILRST 2100
◦ Write lab assignments and teach basic R data analysis techniques
MIT Robotics, Vision, and Sensors Group June 2013 - July 2013
◦ Optimized C++ code for surface-reconstruction algorithms of underwater vehicles
◦ Explored various parameter settings to improve approximations for flight motion
MIT Lego Robotics Competition January 2013
◦ Built an autonomous Lego robot to navigate a field and interact with objects
◦ Received second place in 2013 competition
Hong Kong University of Science and Technology June 2012 - August 2012
◦ Developed and tested algorithms used in modulation and demodulation of signals
◦ Awarded outstanding presentation award at the 2013 Joint Mathematics Meetings
MIT Computer Science and AI Lab May 2011 - February 2012
◦ Ported a Distributed Stream Processing system for mobile phones
◦ Constructed a bus model for a mobility-sensitive transportation network simulation
USF Bioinformatics Department February 2008 - August 2010
◦ Used bioinformatics tools to discover unknown HDAC interacting proteins
